# Facility Maintenance & Improvements

## General Maintenance

Any general maintenance required needs to be reported to the AEC committee.

URGENT maintenance/serious faults must be reported to either:

- **Primary Contact: Colin Dowsett (0418-626-900)**
- **Secondary Contact: Jill Compton (0417-660-578)**

as soon as possible.

Where clubs can deal with the maintenance issues, they may do so, but under the following guidelines:

- No payment will be made by AEC funds unless such payment is pre-approved by committee at a regular meeting.
- Clubs are encouraged to contribute to the AEC by funding maintenance or projects. If payment for maintenance is made by AEC Clubs, then a copy of the invoice should be submitted to the AEC committee for recording.
- Special Development Projects undertaken by clubs MUST be pre-approved through the AEC committee. A funding report should be submitted on completion showing incoming funds and outgoing expenses to the project. Volunteer labour (hours) should be included in the report. This allows the Albany Equestrian Centre to monitor contributions from the Clubs over the years.
- Any volunteer labour directed at maintenance or projects should be recorded by the clubs and reported to the AEC committee.

- Record keeping of club expenditure and volunteer hours given to maintenance and development is crucial to budget forecasts and long-term planning. Clubs assistance in these matters is much appreciated.

## **Policies & Guidelines**

Policies are applicable to the entire organization and are primarily intended to set direction, whereas Guidelines show or tell how something should be done.

Copies of the Association's Policies and Guidelines are available at:

[www.albanyequestrian.net/aec-constitution-policies](http://www.albanyequestrian.net/aec-constitution-policies)
